This guide shows you what each section is for and how to use it. You don't need to read it all at once. Keep it handy for the first few times you log in.

3 Home

Home is the first page you see after logging in. It gives you a quick view of where things stand.

- **Your profile and targets.** Your target university, course and entry year.
- **This week.** How many sessions you have booked this week, plus the **Book a Session** button.

The screenshot shows the 'Access Oxbridge' student portal. The left sidebar contains navigation options: Home, My Sessions, Recordings, Messages, My Mentors, and Reports. The main area displays the 'APPLICATION TIMELINE' with four key dates: Today (7 Oct), Personal Statement (30 Sept, 358 days), Entrance Exam (22 Oct, 380 days), and Interviews (25 Nov, 414 days). Below this is a weekly calendar for October 2026, highlighting the 7th as the current day with 0 sessions booked. The user's name, Alex Morgan, and a 'Help & Support' button are at the bottom.

If you see **Complete Profile** instead of **Book a Session**, your profile isn't finished. If you see **Mentor assignment pending**, our team is still matching you with a mentor.

Open it from your name at the bottom of the menu. We use your profile to match you with the right mentor, so fill in as much as you can.

- **Profile photo.** Add a photo so your mentor can put a face to your name.
- **Basic Information.** Your school, country, year group and curriculum.
- **Timezone.** Every session time in the portal is shown in this timezone. Make sure it's correct.
- **Target Goals.** Target university, course, application year and entrance exam date.
- **Subjects.** Each subject you take, with your predicted grade.
- **Interests & Activities.** Your academic interests, extracurriculars and any notes for us.
- **Parent or guardian email (optional).** If you add one, we'll send them a progress report every two weeks.

5 My Mentors

This page shows the mentor, or mentors, our team has matched you with. On each mentor's card you can:

- **View Profile** to read their bio and areas of expertise.

- **View Sessions** to see your sessions together.

The card also shows how many sessions you've had together and when the last one was. If your mentor ever changes, your previous mentors move to the **Past** tab.

My Mentors

6 Session hours

Your hours balance is shown at the top right of every page. Each hour of mentoring uses one hour from your balance. You need hours in your balance to book or join a session.

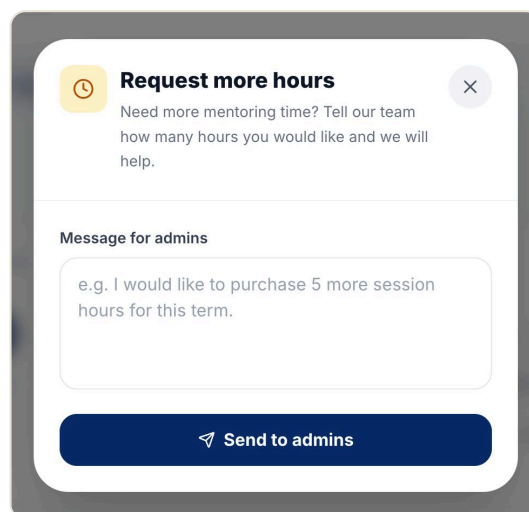

To get more hours:

1. Click your hours balance.
2. Write a short message, for example "I'd like 5 more hours this term."
3. Click **Send to admins**.

We'll email you once your hours have been updated.

Running low?

Ask for more hours before you book, so your next session isn't held up.

7 Messages

Messages is where you talk to your mentor and to our team.

- Each mentor has their own chat.
- Some chats are **group chats** that include you, your mentor and our team. They are marked **Group**.
- **Help & Support** is your chat with Claire, our Senior Strategist. Use it for questions about the portal, your hours or your application.
- A number next to Messages in the menu means you have unread messages.

Messages, with a mentor chat open

Writing a message

Type in the box at the bottom of the chat. The toolbar lets you add bold, italics, lists and more. Click the paperclip to attach a file, such as a draft of your personal statement or a practice paper.

Start talking early

Introduce yourself to your mentor as soon as you're matched. Tell them about your goals and what you'd like to cover. The more they know, the better your first session will be.

8 Booking a session

1. Click **Book a Session**. You'll find it in the menu, on Home and on My Sessions.
2. If you have more than one mentor, choose who to book with.
3. Pick a date, a start time and a length (1 or 2 hours), then click **Add Time Slot**.
4. Add **at least 3** time slots, so your mentor has options.
5. Click **Send Request**.

All times are shown in the timezone set in your profile, so you never need to convert them yourself.

Tip

Spread your time slots across different days. It makes it much easier for your mentor to find one that works.

The Book a Session window

Before you book

- ☐ Your profile is complete.
- ☐ Our team has matched you with a mentor. You'll see them in My Mentors.
- ☐ You have hours in your balance, shown at the top right of every page.

What happens next

1. Request sent

Your request waits in the **Pending** tab of My Sessions.

2. Mentor picks a time

Your mentor chooses one of your time slots.

3. Session confirmed

It moves to **Upcoming** and shows on your Home calendar.

4. Join on the day

Click **Join Session** to open Zoom.

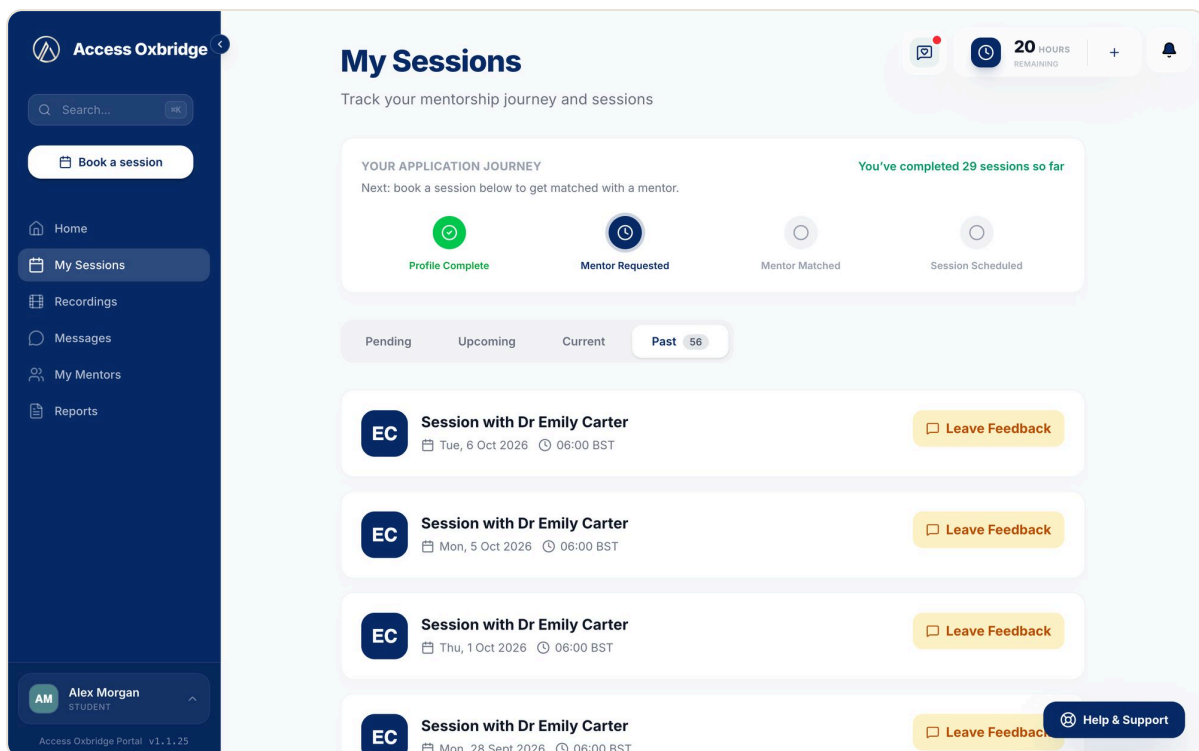

When your mentor suggests a time

Sometimes your mentor will suggest a session time instead. It appears in the **Pending** tab, where you can **Accept** or **Decline** it. If none of your times suit your mentor, they may message you to agree a different time.

9 My Sessions

At the top, **Your Application Journey** shows how far along your next booking is: requested, matched with your mentor, then scheduled. Below it, your sessions are split into four tabs:

- **Pending.** Requests waiting for your mentor to choose a time. You can cancel your own pending requests here.
- **Upcoming.** Confirmed sessions, with the date and time. A **Join Session** button appears once the Zoom link is ready.
- **Current.** A session that is happening right now.
- **Past.** Finished sessions, with the recording, report and feedback.

My Sessions, showing the Past tab

Joining a session

Click **Join Session** to open Zoom. In the hour before your session, the button turns green and shows **Starting soon**. Join a few minutes early to check your camera and microphone.

Rescheduling

On an upcoming session, click **Reschedule**, choose a new time and add a short note. Your mentor needs to accept the new time before it changes. You can't reschedule a session once it has started.

If your mentor doesn't join

In the **Current** tab, click **Report** and confirm. Only do this once the start time has passed and your mentor still hasn't joined.

10 After a session

Once a session ends, it moves to the **Past** tab. From there you can:

- **Leave Feedback.** Rate the session from 1 to 5 stars and add a comment if you like. It only takes a few seconds and helps us improve.
- **View Report.** Read the report your mentor writes after each session.
- **Watch Recording.** Watch the session again.

Every few sessions you'll also see a short **check-in** at the top of the page: three quick questions about how things are going. Please fill it in when it appears.

15 Common questions

Why can't I book a session?

Check three things: your profile is complete, our team has matched you with a mentor, and you have hours in your balance.

Where do I find the Zoom link?

In My Sessions, on the **Upcoming** tab. You can also join from the weekly calendar on Home.

How do I know my session is confirmed?

It moves from **Pending** to **Upcoming** in My Sessions and appears in the weekly calendar on Home.

Can I change a session time?

Yes. Click **Reschedule** on an upcoming session and suggest a new time. Your mentor needs to accept it.

The session times look wrong.

Check the timezone in My Profile or Settings. All times in the portal are shown in that timezone.

Can my parents see how I'm getting on?

Yes. Add a parent or guardian email in My Profile and we'll send them a progress report every two weeks.

How do I get more hours?

Click your hours balance at the top right of any page, write a short message and click **Send to admins**.

What if my mentor doesn't turn up?

Once the start time has passed, go to the **Current** tab in My Sessions, click **Report** and confirm. Our team will follow it up.
